PROFILE

UI/UX and web designer with hands-on agency experience across websites, online stores and digital interfaces. Since 2020, contributed to responsive web projects, including 40+ client projects at TTMEDiA. Combines Figma, information architecture and visual design with WordPress, HTML/CSS and accessibility. Also experienced in B2B software.

SKILLS & TOOLS

Web & UX: Responsive web design, information architecture, user flows, wireframes, UI design, Figma prototypes
Implementation: WordPress, Elementor, GenerateBlocks, Webflow, HTML/CSS, Shopify, Shopware
Quality: Design systems, Figma components, WCAG audits, AI-assisted Figma-to-CMS workflows

PROFESSIONAL EXPERIENCE

UI/UX & Web Designer | Qbus Internetagentur GmbH, Rostock | 09/2026 – 12/2026
- Built and tested an AI-assisted workflow that enables agents to implement Figma designs in WordPress using Elementor or GenerateBlocks on the existing agency stack.
- Set up direct handoff from Figma; delivered client work and supported colleagues with design and technical issues.

Product & UI/UX Designer | GECKO Software, Rostock | 02/2026 – 08/2026
- Independently designed UX and UI for web applications, client portals and B2B workflows.
- Created an interactive B2B booking portal prototype for a sales demo; the client then commissioned development.
- Audited two applications against WCAG, documented issues and delivered revised Figma designs.

UI/UX & Web Designer | Qbus Internetagentur GmbH, Rostock | 04/2025 – 02/2026
- Designed user flows, information architecture and UI for client projects from initial concepts through implementation.
- Built and improved websites using HTML/CSS and WordPress.

UI/UX & Web Designer | viminds – Digitalmarketing, Rostock | 03/2024 – 03/2025
- Designed and delivered websites and interfaces with marketing and development teams.
- Performed WCAG accessibility audits and proposed specific improvements.

UI/UX & Graphic Designer | Design Duck, Hamburg (remote) | 04/2023 – 10/2023
- Created Figma design systems with reusable components and clear documentation.
- Designed interfaces and interactive prototypes; built websites in Webflow.

UI/UX & Web Designer | TTMEDiA® Die Werbeagentur, Güstrow | 07/2020 – 04/2023
- Worked on 40+ client projects: designed and built responsive websites and stores with WordPress, Shopify and Shopware.
- Improved navigation, user experience and implementation of existing websites.

UI/UX Design Intern | viminds, Rostock | 03/2020 – 04/2020
- Contributed to the karls.de redesign and migrated a design system from Adobe XD to Sketch.

ADDITIONAL EXPERIENCE

2025–2026: Freelance instructor at Designakademie Rostock: UI/UX, Figma and HTML/CSS.
2016–2018: Web designer, design lead and instructor in Astana: led a design team and worked on public communications.
2009–2016: Systems administrator and network engineer: managed server and network infrastructure.
